

Dear Parents of Rising 2nd Graders:

Summer vacation is here! To help keep your child's skills strong and learning fresh, you may want to try some of the following ideas.

READING

- * Join a Summer Reading Program at your local Library.
- * Encourage reading, reading, reading!!
- * Epic Books is a great website/app that allows children to read books and take quizzes to check comprehension.
- * You could also purchase the book *Summer Bridge Activities: Bridging First to Second*. (Available at Amazon)

MATH

Please practice addition and subtraction facts to 20

- * Math Games and Online Practice: IXL.com, abcya.com, splashlearn.com, mathplayground
- * Your child can measure ingredients when following a recipe.

Please keep in mind that these are all suggestions. You know what kind of extra help your child might need and can decide how much/little s/he needs to do. However, all children would benefit from reading throughout their summer vacation.

2nd Grade is also a very special year because the students will receive 2 Sacraments. Please help them to realize the importance of staying close to God by continuing to attend Mass every Sunday throughout the summer.

I hope you have a great summer of fun, relaxation and family time. See you all in August!

God bless you,

Mrs. Falcone

2nd Grade Teacher
